

Outsourcing Services

With increasing demands, enterprises worldwide are finding it difficult to implement, and support new applications, while at the same time, maintaining and upgrading their existing systems. To overcome the situation, companies must seek to expand development capacity, accelerate time-to-market, and build flexible distributed delivery models to negotiate risk.

ITselect provide custom software development to fulfill these requirements from our partners' development centre in Lebanon. We will help you to remain in step with your competition by continuously improving your information technology-based business solutions. In the Custom Application Development, ITselect can fulfill all your needs.

Some of our solution includes:

- Expanding development capacity at relatively lower cost through state-of-the-art facility near Beirut, Lebanon.
- Increase project collaboration and minimize risk, through use of communication tools
- Improve application quality through proven methodologies and quality processes
